

UID EX 9

AIM:

The aim is to design a visually rich and colorful input form that validates email and phone number using HTML, CSS, and JavaScript with Validator.js, and displays error messages effectively.

PROCEDURE:

Step 1: Create HTML Form

```
<!DOCTYPE html>
<html lang="en">
<head>
<meta charset="UTF-8">
<meta name="viewport" content="width=device-width, initial-scale=1.0">
<title>Colorful Form</title>
<link rel="stylesheet" href="style.css">
</head>

<body>
<div class="card">
  <form id="myForm">
    <h2>Sign Up</h2>

    <label>Email</label>
    <input type="email" id="email" placeholder="Enter email">
    <span id="emailError" class="error"></span>

    <label>Phone</label>
    <input type="text" id="phone" placeholder="Enter phone number">
    <span id="phoneError" class="error"></span>

    <button type="submit">Submit</button>
  </form>
</div>

<script
src="https://cdnjs.cloudflare.com/ajax/libs/validator/13.6.0/validator.min.js">
</script>
<script src="script.js"></script>
</body>
</html>
```

Step 2: Styling (Colorful Gradient UI)

```
body {
  margin: 0;
  height: 100vh;
  font-family: 'Segoe UI', sans-serif;
```

```

        display: flex;
        justify-content: center;
        align-items: center;
        background: linear-gradient(135deg, #ff9a9e, #fad0c4, #fad0c4, #fbc2eb,
#a6clee);
    }

    .card {
        background: white;
        padding: 30px;
        border-radius: 15px;
        width: 320px;
        box-shadow: 0 10px 25px rgba(0,0,0,0.2);
        text-align: center;
    }

    h2 {
        background: linear-gradient(45deg, #ff6a00, #ee0979);
        -webkit-background-clip: text;
        -webkit-text-fill-color: transparent;
    }

    form {
        display: flex;
        flex-direction: column;
    }

    label {
        text-align: left;
        margin-top: 10px;
    }

    input {
        padding: 10px;
        margin-top: 5px;
        border-radius: 8px;
        border: 2px solid #ddd;
        outline: none;
        transition: 0.3s;
    }

    input:focus {
        border-color: #ff6a00;
        box-shadow: 0 0 8px #ff6a00;
    }

    button {
        margin-top: 15px;
        padding: 10px;
        border: none;
        border-radius: 8px;
        background: linear-gradient(45deg, #36d1dc, #5b86e5);
        color: white;
        font-weight: bold;
        cursor: pointer;
    }

```

```
        transition: 0.3s;
    }

    button:hover {
        background: linear-gradient(45deg, #ff6a00, #ee0979);
    }

    .error {
        color: red;
        font-size: 0.8em;
    }
}
```

Step 3: JavaScript Validation

```
document.getElementById("myForm").addEventListener("submit", function(e) {
    e.preventDefault();

    let email = document.getElementById("email").value;
    let phone = document.getElementById("phone").value;

    let emailError = document.getElementById("emailError");
    let phoneError = document.getElementById("phoneError");

    emailError.textContent = "";
    phoneError.textContent = "";

    if (!validator.isEmail(email)) {
        emailError.textContent = "Please enter a valid email";
    }

    if (!validator.isMobilePhone(phone, 'any')) {
        phoneError.textContent = "Please enter a valid phone number";
    }

    if (validator.isEmail(email) && validator.isMobilePhone(phone, 'any')) {
        alert("Form Submitted Successfully!");
    }
});
```

OUTPUT:

For Valid Input:

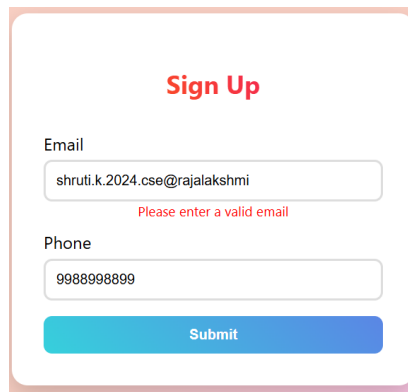

- Accepts correct email & phone
- Displays success alert

A screenshot of a 'Sign Up' form. The title 'Sign Up' is in red. Below it, the 'Email' field contains 'shruti.k.2024.cse@rajalakshmi.edu.in' and the 'Phone' field contains '9988998899'. A blue 'Submit' button is at the bottom.

For Invalid Email:

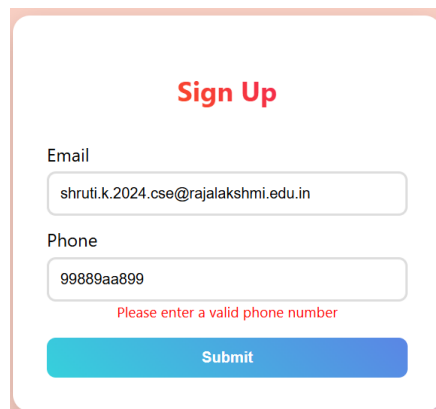

- Shows: Please enter a valid email

A screenshot of a 'Sign Up' form. The title 'Sign Up' is in red. Below it, the 'Email' field contains 'shruti.k.2024.cse@rajalakshmi' and the 'Phone' field contains '9988998899'. A red error message 'Please enter a valid email' is displayed below the email field. A blue 'Submit' button is at the bottom.

For Invalid Phone:

- Shows: Please enter a valid phone number

A screenshot of a 'Sign Up' form. The title 'Sign Up' is in red. Below it, the 'Email' field contains 'shruti.k.2024.cse@rajalakshmi.edu.in' and the 'Phone' field contains '99889aa899'. A red error message 'Please enter a valid phone number' is displayed below the phone field. A blue 'Submit' button is at the bottom.

RESULT:

Thus, a colorful gradient-based UI form validation system using HTML, CSS, and JavaScript with Validator.js was successfully implemented.
